Like the above picture shows, the activation status is not activated. You see the red phrases "We can't activate windows on this device because you don't have a valid digital license or product key..."it means the key is not activated.

### Method 2 :

- 1. Use combination key WIN+Q to start the search function;
- 2. Type in Power shell, search PowerShell

3. Run Windows PowerShell as administrator

4. Type in the following codes: wmic path softwarelicensingService get OA3xOriginalProductkey

Click to confirm **①25** digits will be shown for those with keys;

# Kindly Note: If still you are facing issue in window activation then kindly visit at your nearest Haier service center.
