

Events Report

**Society of Computer
Systems Engineering**

5th June, 2023

Motive:

The Society of Computer Systems Engineering (SCSE) is driven by motive: to advance the field of computer systems engineering through innovation, collaboration, and knowledge sharing. The SCSE plays a crucial role in grooming students interested in computer systems engineering by providing various opportunities and resources to enhance their skills and knowledge in the field. SCSE organizes workshops, seminars, and conferences where students can learn from experienced professionals and researchers.. SCSE also offer scholarships or grants to deserving students, enabling them to pursue higher education or engage in research projects related to computer systems engineering. By providing a platform for networking, collaboration, and learning, the SCSE helps students develop their technical expertise, expand their professional network, and stay updated with the rapidly evolving field of computer systems engineering.

Patron in chief, Engr. Dr. Sajid Hussain

Advisor, Engr. Hafeez Ahmed

Welcome 22-26:

"Welcome to those who believe in the power of dreams, who want to bring a change in the world, and who are always ready to face unprecedented challenges." SCSE sticking to its tradition, had welcomed the new session 2022-2026 in a unique way that none can forget. The whole department participated in the decorations and worked as a team to make the day unforgettable for the newcomers. SCSE congratulated the new comers on becoming a part of the CSE family. The purpose was to prepare students to get ready to be a part of the rollercoaster of experiences.

First Meeting:

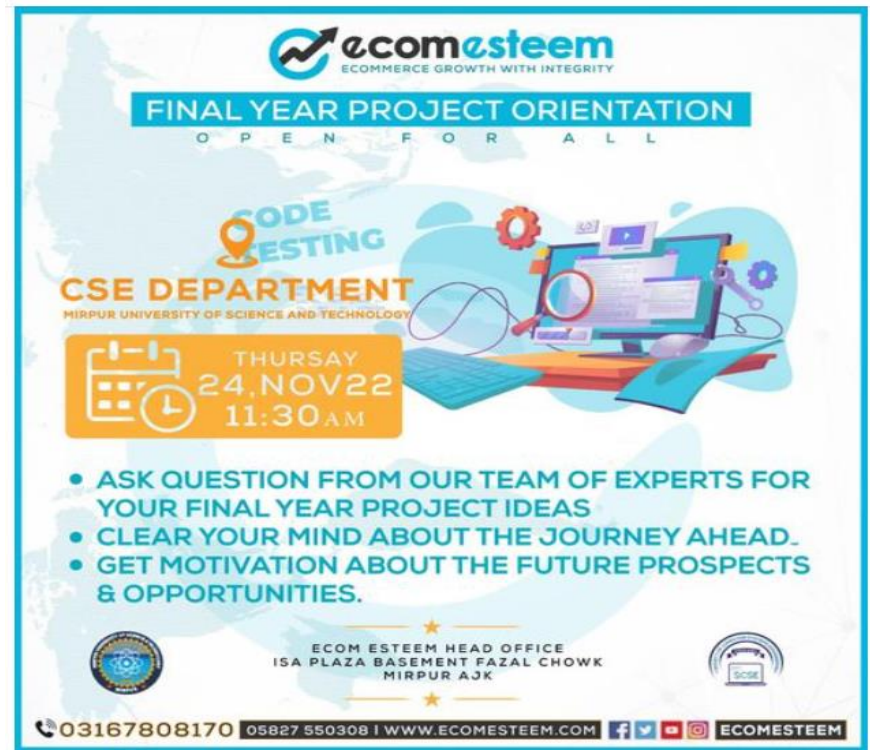

On Monday, November 21, 2022, the first meeting of Society of Computer Systems Engineering was held at Video Conference room (CSE Department), in which an introductory session was organized and the future plan of the society was discussed. The whole team of SCSE participated in the discussion, agreed that the sole aim is to work for the betterment of the department and pledged that the society will continue to strive for the solution of all the problems of the students while maintaining its traditions.

FYP Orientation:

FYP Orientation Session was arranged on 24 November, 2022 at **CSE department MUST**. This session was for final year students to aware them about their Final year Project so must join if you're in Final year and confused about your project.

Our experts were there to guide students and to answer their queries.

Seminar on Freelancing and Amazon by "EcomEsteem":

A successful seminar on Freelancing & Amazon by "EcomEsteem" held on Friday, 18th November. So far the first seminar of SCSE for session 22-23! Weekly seminars will be organized by SCSE Team to help enlighten our students to help grow and improve their skills!

Career Selection and Entrepreneurship Skills:

Moboroid is a well-known software and web development company in Mirpur Azad Kashmir. Department of CSE organized a session on the topic of career selection and entrepreneurship skills by Moboroid CEO Fahad Raja. The session held on November 25, 2022 at department of CSE, computer lab. The speakers educated the students about emerging technologies and opportunities of jobs and entrepreneurship in these technologies. It was very informative session and students learned a lot from it.

SCSE Induction Drive:

SCSE takes pride in its rigorous induction process and carefully selected members, ensuring a high standard of professionalism and expertise within the society. Prospective members undergo a thorough evaluation that includes a review of their qualifications, experience, and contributions to the field of computer systems engineering. This selective approach ensures that the SCSE maintains a diverse and accomplished membership base comprising individuals who have demonstrated exceptional skills and knowledge in the field.

Cricket Tournament:

The cricket tournament was filled with excitement and anticipation. Players from various sections at the venue, dressed in their colorful jerseys. The teams took group photos together, capturing memories that will last a lifetime. The fans cheered on their favorite players, creating a lively atmosphere. The first day of cricket tournament was encounter, with all eight teams putting up a strong fight.

Orientation day:

The Society of Computer Systems Engineering (SCSE) organized an orientation day for the new batch of students joining the field of computer systems engineering from 2022 to 2026. The event provided a warm welcome and acquainted the students with the society and its activities. The orientation day began with a welcoming introduction by the SCSE leadership, providing an overview of the society's mission, goals, and the benefits of membership. Engaging presentations were given by distinguished guest speakers, who shared their experiences and insights into the field.

The students received information about available resources, research opportunities, and mentorship programs offered by the SCSE. Interactive sessions and networking activities were organized to foster connections among the students and establish relationships within the SCSE community. The orientation day aimed to inspire and guide the new students, equipping them with the knowledge and support necessary for success in their academic and professional pursuits in computer systems engineering.

Presentation Competition:

The Society of Computer Systems Engineering (SCSE) organized a presentation competition for its members. This competition aimed to provide a platform for members to showcase their expertise, research, and innovative ideas in the field of computer systems engineering. Participants were given the opportunity to deliver engaging presentations on various topics related to computer systems engineering, such as emerging technologies, system optimization, cybersecurity, or artificial intelligence. The competition encouraged participants to demonstrate their communication skills, technical knowledge, and the ability to

convey complex concepts effectively. Judge, Eng. Bilal Ahmed, evaluated the presentations based on criteria such as content, delivery, and presentation skills. Overall, the presentation competition organized by the SCSE provided a stimulating environment for members to enhance their presentation skills, share their research findings, and contribute to the advancement of computer systems engineering.

Youm e Tasees Event:

On October 24th, Kashmir Foundation Day is observed to show solidarity with the people of Kashmir and raise awareness about their plight.

On October 24th, the Society of Computer Systems Engineering (SCSE) joined forces with the Green Society of MUST (MUST University) to organize a collaborative event in celebration of "Youm-e-Tasees".

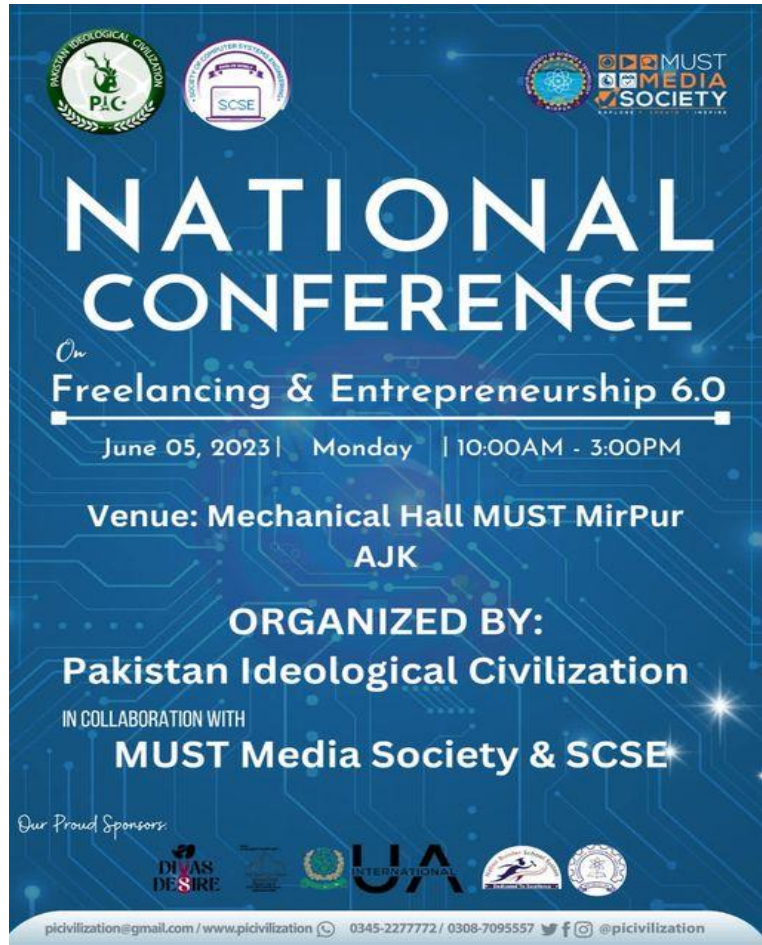

National Conference Freelancing and Entrepreneurship:

In today's ever-changing landscape, freelancing and entrepreneurship have become integral to professional growth and economic development. The National Conference on Freelancing and Entrepreneurship aimed to shed light on the significance of these domains and create a platform for professionals to gather, learn, and network.

The event has been scheduled to June 5, 2023, and took place at Mechanical Hall MUST. An inspiring day filled with learning and networking.

By *MMS And SCSE

The poster is for the National Conference on Freelancing & Entrepreneurship 6.0. It features a blue background with a circuit-like pattern. At the top, there are logos for Pakistan Ideological Civilization (PIC), SCSE, and MUST Media Society. The main title 'NATIONAL CONFERENCE' is in large white letters, followed by 'On Freelancing & Entrepreneurship 6.0' in a smaller font. Below this, the date and time are listed: 'June 05, 2023 | Monday | 10:00AM - 3:00PM'. The venue is 'Mechanical Hall MUST MirPur AJK'. The organizers are 'Pakistan Ideological Civilization' and 'MUST Media Society & SCSE'. At the bottom, there are logos for sponsors including Divas Desire, U.A. International, and others. Contact information for PICivilization is provided at the very bottom.

NATIONAL CONFERENCE
On
Freelancing & Entrepreneurship 6.0

June 05, 2023 | Monday | 10:00AM - 3:00PM

Venue: Mechanical Hall MUST MirPur AJK

ORGANIZED BY:
