**Shazeel**

**Session Head 22-26**  
**Shazal Tariq**

**Session Head 23-27**  
**Rehan Iqbal**

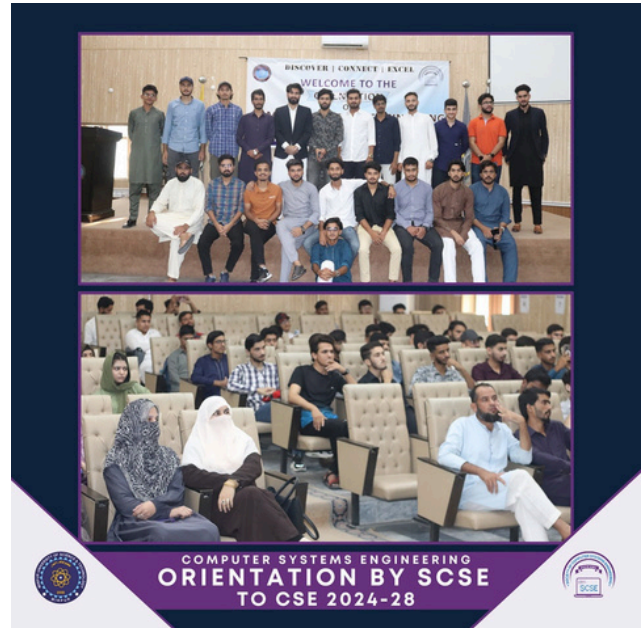

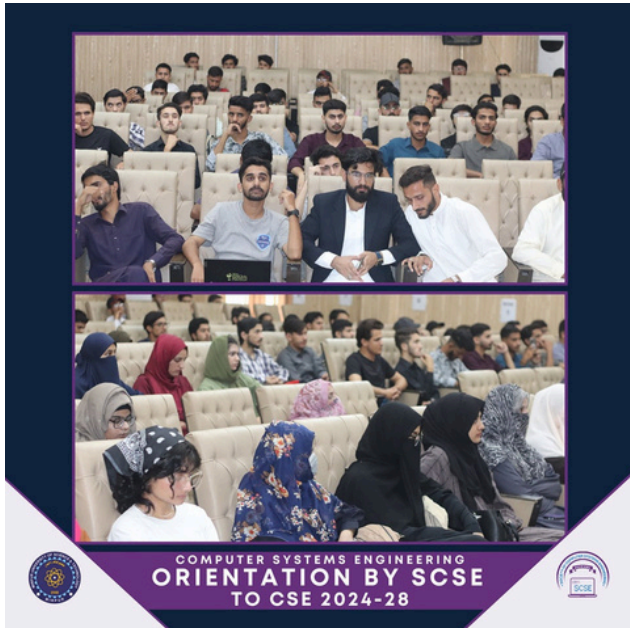

**Session Head 24-28**  
**Labeeb Hashmi**

# ORIENTATION SESSION FOR STUDENTS OF CSE 24-28

The session began with an **Orientation Program** held on **November 11, 2024**, for the incoming batch of 2024–2028. The purpose of this event was to welcome new students and familiarize them with the department, the society, and the opportunities available to them throughout their degree program. The session served as an essential foundation to instill a sense of belonging and awareness among the new students, setting the tone for an engaged and collaborative academic journey.

# CYBERSECURITY SEMINAR

## “BUILDING A SUCCESSFUL CAREER”

SCSE organized a Seminar titled “**Building a Successful Career with Cybersecurity**” on **December 11, 2024**. The keynote speaker for the event was **Mr. Shoaib Ali, a Certified Ethical Hacker (CEH)** with professional experience at prestigious organizations such as NESCOM, National Centre of Cyber Security (NCCS), and CISPA – Helmholtz Centre for Information Security. Mr. Shoaib shared his valuable insights into the world of cybersecurity, career paths in ethical hacking, real-world threat analysis, and strategies for students to get started in this vital domain.

# SCSE SPORTS GALA 2025

To encourage extracurricular involvement and promote health and camaraderie, SCSE held a vibrant **Sports Gala from January 28 to 31, 2025**. Students from both the Computer System Engineering and Electrical Engineering departments participated in various Sports, **including Badminton, Table tennis, Cricket, and futsal**. The gala created an energetic environment on campus, fostering teamwork, friendly competition, and strong inter-semester relationships.

## WEBINAR ON

# “FREELANCING WHILE STUDYING”

As part of our mission to promote student entrepreneurship, SCSE hosted an online webinar on **Freelancing while Studying on Sunday, March 23**, attended by 40+ students. The session featured **Abdullah Suleman (Former SCSE President, Web Developer)**, who shared tips on crafting a winning CV and securing high-paying gigs, and **Malik Masood (Former Media Director SCSE, CEO of Advozzo)**, who spoke about mastering digital marketing and launching a freelance career. The webinar offered practical advice on starting freelancing, managing academics alongside work, and exploring online platforms leaving students inspired and better equipped to pursue freelance opportunities.

## EDUCATIONAL TOUR

### REV9 SOLUTION AND ROHTAS FORT

An educational tour was organized on **April 25, 2025**, combining both technical exposure and cultural enrichment. Students visited **Rev9 Solutions in Jhelum**, where they gained first-hand insight into professional software development environments and IT project workflows. The tour also included an excursion to the historic **Rohtas Fort**, offering a refreshing cultural experience. This balanced combination of academic and recreational activities made the tour both informative and enjoyable, fostering stronger peer connections and practical learning beyond the classroom.
